

CONTAINERS

FLORIDA'S NO. 1 CONTAINER PORT COMPLEX

MOVING MILLIONS AND GROWING

More than one million containers move annually through Jacksonville's public and private marine terminals.

WIDEST SHIPPING CHANNEL

Jacksonville boasts the widest shipping channel in the Southeast U.S., wide enough for two ships to pass at the same time.

NOW DEEPENING

The federal project to deepen the Jacksonville shipping channel to 47 feet is now underway and will offer the largest container ships calling on the U.S. East Coast unobstructed access to the port's terminals.

INTERNATIONALLY RANKED FTZ

JAXPORT's Foreign Trade Zone No. 64, which spans more than 5,000 square miles within Northeast Florida, helps shippers save time and money by streamlining customs clearance.

INVESTING IN THE FUTURE

JAXPORT has invested \$600 million in recent infrastructure improvements in everything from cranes to docks to rail and deepening.

EXCEPTIONAL INTERMODAL CONNECTIONS

JAXPORT terminals are serviced by three U.S. interstates (I-10, I-95 and I-75), and the city has 36 daily train departures via three railroads: CSX, Norfolk Southern, and Florida East Coast Railway.

FAST REACH TO U.S. SOUTHEAST CONSUMER MARKET

Florida is now the nation's third most populous state – and more than 60 million U.S. consumers live within a one-day truck drive of Jacksonville's port.

JAXPORT offers service from nearly 40 ocean carriers, including all three of the world's largest shipping alliances— 2M, THE Alliance and Ocean Alliance.

BY THE NUMBERS

3	Interstates as close as one mile from the terminals
36	Daily trains via three railroads
60	Million consumers within a one-day truck drive
600+	Million invested in infrastructure upgrades
5000+	Square miles that make up FTZ No. 64

KEY INFORMATION

- Widest shipping channel in the Southeast U.S.
- Outstanding interstate access, rail & ocean liner services
- Backhaul opportunities save time and money
- Competitive transit times to/from key markets
- Top container port complex in Florida
