

HEAVY LIFT

MOVING THE WORLD'S HEAVIEST CARGO

NEWLY ENHANCED HEAVY LIFT CARGO BERTH

JAXPORT's heavy lift cargo berth at Blount Island Marine Terminal ranks as one of the nation's highest weight-bearing capacity docks, offering up to 1,800 pounds per square foot of load capacity.

REINFORCED ON-DOCK RAIL

A multi-million dollar infrastructure upgrade increased the heavy lift berth rail capability to 78 kips per axle for heavy cargo.

HIGHEST AND WIDEST PORT RAIL CLEARANCES

JAXPORT has the highest and widest cargo clearance available for port access by rail on CSX's national system: 20 feet high and 13 feet wide.

SKILLED AND DIVERSIFIED LABOR

Jacksonville's skilled workforce offers a variety of labor options, including highly trained master riggers specializing in heavy lift and project cargo.

OUTSTANDING INTERMODAL CONNECTIONS

JAXPORT terminals are serviced by three U.S. interstates (I-10, I-95 and I-75), and the city has 36 daily train departures via three railroads: CSX, Norfolk Southern, and Florida East Coast Railway.

GLOBAL CONNECTIONS

The port offers worldwide cargo service from more than 40 ocean carriers, including direct service with Asia, South America, the Caribbean and other key markets.
